

IEEE 3rd International Conference on Engineering, Technologies & Social Sciences (ICETSS 2017)

The conference will be held in Asian Institute of Technology Conference Center (AITCC) Bangkok Thailand from 07-08 August, 2017.

The IEEE 3rd ICETSS-2017 is being organized by IEEE IUM SB, technically supported by the IEEE IMS Malaysia Chapter with Collaboration of ETSS Management Malaysia, Knowledge-Now England, Multimedia University Malaysia, Balochistan University of Engineering and Technology and Al-Kitab University College Iraq. The theme of this conference is "Engineering, Technologies & Applications of Social Sciences are Driving our Future". The IEEE 3rd International Conference on Engineering, Technologies and Social Sciences 2017 (ICETSS-2017) will provide a meeting place for the sharing of novel ideas and research findings in the field of engineering, technologies, social sciences & business management. Its main goal is to foster multidisciplinary exchange by researchers and developers as well as research students and professional experts. We invite original and unpublished work by Academics, Researchers, Business Leaders, Experts and Executives from Universities and industrial research institutes to submit for the conference.

PUBLICATION

ICETSS is IEEE indexed conference, Code #41681, ISBN No. 978-1-5386-1611-6CFP17L91-ART. All presented papers will be submitted for inclusion in to IEEE Xplore Digital Library as per their format. Extended version of all accepted papers will be submitted to Scopus and ISI Journals.

CONFERENCE TRACKS

The conference will consist of three tracks, that is, Engineering, Technologies and Social Sciences. Topics of interest in each track include, but not limited to the following:

- Telecommunication, Networking & Broadcast Technologies
- Components, Circuits, Devices and Systems
- Computer, Information Technology, Software Engineering
- Engineered Materials, Dielectrics and Plasmas
- Engineering Profession, Ethics, Safety and Management
- Fields, Waves and Electromagnetics
- General Topics for Engineers
- Geoscience, Remote sensing, Tracking and Measurement
- Power, Energy and Industry Applications
- Robotics and Control Systems
- Signal Processing and Analysis

IMPORTANT DATES

- Submission of Full Paper : 30 April 2017
Deadline Extended to : May 10, 2017
- Notification of Acceptance: 10 June 2017
- Camera Ready Copy : 30 June 2017
- Registration Deadline : 05 July 2017

Conference Dates 07-08 August 2017
